2. You can print the exam OR just view it onscreen and write on your own paper. (If the exam asks to draw on some images, you can sketch those on your own paper.)

3. Please sign the integrity statement on the first page. If you are using your own paper, please acknowledge it.

4. When complete, you will scan and upload the exam to the Gradescope. When you upload the exam on Gradescope, please assign your scanned pages to each problem. Please match them correctly, as missing pages may slow the grading. More importantly, we might not notice them. Double check that the right pages are assigned for each problem!
   Note: if you have any difficulty with the upload, you can email us the scan by the end time and then upload as soon as it is possible.

5. If you have any other problems, let us know.
